Work Experience

Web Designer & E-Commerce Manager

Tec IT 09/2025 – Present

I work across web and digital design, taking direct ownership of UI/UX, e-commerce, and visual execution to deliver cohesive and reliable solutions. My role combines hands-on design with system thinking, structured workflows, and cross-platform consistency.

- Brand Rebranding & UI System - Visual identity and UI components
- Amazon (ES) - Setup, content, brand registry, compliance, listings
- NexLed Store & Support Page - Design and implementation
- EPREL Internal Tool - Internal system for European compliance
- Visual & 3D Production - Creation of visual, 3D, and graphic assets

Logistics Operator

Carl Zeiss Vision Portugal 06/2024 – 06/2025

As part of a team, I managed the storage, organization, and shipment of lenses, ensuring accuracy and efficiency in logistics workflow. This role strengthened my attention to detail, time management, and ability to operate effectively under structured requirements.

Art Lead – 3D Modeler, Texture Artist & In-Game VFX Artist

Optimizer 03/2023 – 06/2023

I defined and led the artistic direction of Project Storm, ensuring visual consistency while actively producing 3D models, textures, and in-game visual effects. This role reinforced my leadership and structured approach to creative direction.

- Coordinated 3D and visual asset workflows across the project
- Reviewed and validated assets to ensure visual consistency
- Supported design decisions through visual problem-solving

Personal / Additional Projects

Reset the Sun
Better Call Saul
Gravity Generator
